

WHITE MUSCAT

Vintage: 2025

2100 bottles produced

Dry white wine

Grape variety: 100% Muscat of Samos

This wine is an authentic expression of the Samian terroir, originating from four vineyard parcels planted on the northern slopes of Mount Ampelos, at elevations of 480–700 meters, between the villages of Vourliotes and Stavriniides. Fermentation took place at low temperatures in stainless steel tanks. On the nose, aromas of white blossoms and citrus fruits prevail. It is distinguished by its vibrant acidity and freshness, masterfully balanced with structure and volume.

VINEYARD	4 Plots	CLONES	Mass selection	DIRECTION	N-NE
